Sai Vineeth Reddy Suravi

Data Analyst | SQL | Python | Power BI | Business Intelligence | Data Visualization

Memphis, Tennessee, United States

Summary

Highly motivated Data Analyst with expertise in SQL, Python, and Business Intelligence tools. Proven experience in financial and payroll data analysis, automation, and dashboard creation. Passionate about transforming raw data into actionable insights to drive business success. Seeking opportunities to apply my analytical skills in a data-driven environment.

Experience

Tek Leaders Ind Pvt Ltd

Data Systems Analyst

June 2020 - October 2022 (2 years 5 months)

Hyderabad, Telangana, India

Developed and optimized SQL queries to extract, clean, and transform payroll data, improving accuracy and compliance.

Designed dynamic Power BI dashboards to provide real-time payroll analytics, enabling senior management to make data-driven decisions.

Automated payroll ETL processes using SSIS, reducing manual effort by 40% and improving efficiency.

Conducted trend analysis on payroll expenses and labor costs, identifying optimization opportunities.

Qualcomm

Financial Data and Systems Analyst

January 2018 - February 2020 (2 years 2 months)

Hyderabad, Telangana, India

Managed payroll data processing and reconciliation using SQL and Excel, ensuring accurate financial reporting.

Developed SQL scripts to automate tax reconciliation, saving 30+ hours per month in manual work.

Created financial dashboards in Tableau and Power BI, providing insights into workforce trends and payroll expenses.

Implemented automated ETL workflows using SSIS, enhancing data consistency and reducing processing time.

Conducted deep-dive analysis of payroll metrics, supporting cost forecasting and workforce planning.
